

**CITY OF PLACENTIA  
MEMBER OF THE CITY COUNCIL**

**JUDY A. DICKINSON**

**OCCUPATION:** Incumbent/Businesswoman

Four years ago, you elected me to the Placentia City Council. I am proud to share with you some of the Council's most significant accomplishments:

We have worked tirelessly to silence the train whistles that interrupted so many of our lives. We have nearly eliminated the noise, and we safeguarded Placentia's future by investing in railroad underpasses that will create a quieter, safer community.

We are revitalizing Placentia. The Council's goal is to improve Placentia's economic viability beginning with construction in the city's downtown area. We want residents of other cities to take advantage of Placentia's unique stores and restaurants by making our downtown a destination location.

We have proactively pushed for a new Senior Center/Community Center. We are narrowing down possible locations and working on obtaining the necessary funding.

I respectfully ask for your vote. This is a critical time in Placentia's history and this election will decide whether we continue moving forward, or whether we lose our hard-won progress. If elected, I will continue working as your representative to make decisions in the best interest of the entire community, rather than a few special interest groups.

You can call me at (714) 524-6951.
